

248 W. Elm St. Tucson AZ 85705 520-622-3895

Position Title: Recording Engineer
Status: Part-Time/On-Call, possible future full-time
Pay Rate: DOE (Depending on Experience)
Experience: 3 years engineering, 5 years music
Location: Tucson, AZ
Available: Immediately

Description:

Be a part of a fast growing company in the recording field. Allusion Enterprises is currently looking to add a part-time/on-call (with the possibility of future full-time) Recording Engineer, Musical Arranger, and Multi-Instrumentalist. Candidate must be ambitious, team player, well-organized, very detail oriented, and have ability to work independently in a flexible environment. Composition skills, piano/keyboard programming and experience in DAW and MIDI editing systems are required. Candidate must have a good sense of musical timing and feel. New hire will be responsible for working with clients creating and recording new arrangements for their albums and demos.

Required Skills: DAW Editing System, MIDI Editing and programming, Keyboard Programming, knowledge of physics, electronics, phase, signal flow, recording gear

Preferred Skills: College/university degree (or other equivalent training) in music, and formal education in audio recording/engineering

To apply: Email the following materials to: contact@allusionstudios.com

1. Letter of Interest
2. Resumé
3. Name, contact info, and relationship of three (3) references
4. Links to online demos of previous audio engineering or audio production projects (i.e. musical arrangements, mixing examples, etc.)

Important: Due to the competitive nature of this industry, NO in-person or phone applicants will be accepted. Email only. SERIOUS INQUIRIES ONLY, PLEASE.
